

Joint Closure TST

Part no.

11100451

Termination

Joint Closure T240-TST is primarily intended for termination and cross coupling of fibre in an outdoor environment. In addition measurements of fibre can easily take place. A fibre adaptor panel and fibre organizer cassettes are included. The closure is delivered with one oval cable inlet and has two open holes for customer adaptation and is delivered without end plugs or bushings which are selected separately.

The closure is equipped with a fibre adaptor panel, cable strength member clamps, splice protectors and a cassette. Joint Closure TST is available in four different sizes, depending on the total number of fibres to be connected, (12 to 96 SC), please choose a suitable joint closure for your application as specified in the table below. Brackets for attachment on walls, racks, in manholes or on poles, are available as options and ordered separately. Together with a locking cap, the closure can easily be locked with a padlock.

The closure TST is delivered with heat shrink tube + branch-off clip for the oval inlet and with the articles specified in the table basic configuration.

Basic configuration

Lid 240/50/70/150/200

Lock 240/50/70/150

Support sleeve 240

O-ring 239.1x8 EPDM

V-clamp 240

Interior fittings

Nut Nylock M6 Din 985 A-4

Fiber adaptor panel 12/24/48/96

Washer 6.4x18x1.6

Silica gel 10 g

Heat shrink 50/16, L =200 mm.

Branch -off clip

Wellbox 240/50/50/70/150/200
